PASSION...

THE ULTIMATE VERSION

AUTOSTAR

inspire Passion

PASSION MODE

activated

Want to take to the road in search of new horizons, and take the time for new encounters? Want to go to the country, sea or mountains, but above all you're looking for serenity, an escape and freedom.

More than ever, we need change. We need to be listened to, heard, be understood. We need comfort, reassurance, we need to feel secure.

More than ever, this year, we want to be able to choose. We choose to be demanding, attention to every detail. We choose French expertise and know-how.

More than ever, we want our passions to be our guide, because we've only got one life, we might as well live it intensely.

BRAND

MANUFACTURED IN FRANCE PERFECT FOR THE REST OF THE WORLD

Travelling the world on board an AUTOSTAR motorhome is travelling on board a vehicle made in France that contributes to enhancing the local economy. At Saint-Brieuc, in Brittany, our factory makes use of remarkable technical know-how provided by the talent of our designers, woodworkers, coachbuilders, sheet metal workers, electricians, heating specialists, technicians... Our production site makes use of a very dense network of approved and experienced suppliers and exceptional subcontractors with whom we have been working and with whom we have enjoyed complete trust since the beginning.

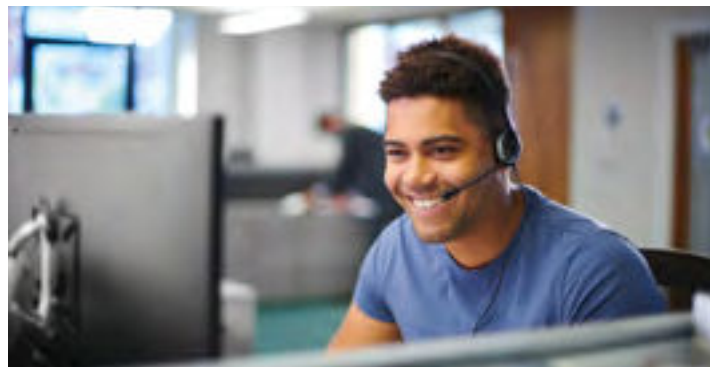

MORE THAN A CLUB. A FAMILY.

Because an AUTOSTAR represents much more than a conventional motorhome, the AUTOSTAR club has been federating all Autostarists who so desire since 1987. Organised outings, feedback, sharing, conviviality and the pleasure of being together form the foundations of the experience offered by the club. Because being an Autostarist is above all taking pleasure in sharing the desire to be together... with others. And because it's important for you to be able to take advantage of this family spirit, when you purchase a model in the collection, your first year of membership is free of charge. Call +33(0)2 96 79 60 35 for more information or go to autostar-club.fr. The AUTOSTAR club is affiliated with FFACCC (French federation of motorhome associations and clubs).

ALWAYS KEEPING AN EYE ON THE FUTURE

Designed to last, AUTOSTARs defy obsolescence and limit natural depreciation to a minimum. Your AUTOSTAR offers you the best guarantees in the event of resale, as it benefits from the PROTECTSTAR label which certifies the use of robust materials and an optimised design to withstand the test of time. A sort of life insurance for your AUTOSTAR.

24 / 7 ASSISTANCE

AUTOSTAR guarantees 24/7 technical and equipment assistance, free of charge the first year for all models newly registered. This assistance is provided by our experts with an approved network of partners to assist you when you need help, wherever you are. Sometimes, a simple phone call is all that's needed to get the solution you need.

EQUIPMENT PREMIUM

THE BEST BASE VEHICLES, THE BEST BASES

The base for everything, the foundations on which we design our models have to guarantee perfect reliability. We only work with the best base vehicles on the market. For many years now, our requirements have been met by the FIA Ducato chassis, which is designed exclusively for motorhomes. A mechanical marvel of which the recent developments provide incredible performance. Unequaled roadholding in the market, low CO₂ emissions to reduce the impact on the environment, optimised motorisation which will do exactly what you want it to. The reason we have chosen this base vehicle is that it will take you where you want to go, when you want: even far away.

EXCLUSIVE FURNITURE AND FINISHINGS

From the most robust materials to perfect finishing touches, the AUTOSTAR exclusive furniture is designed using the exceptional know-how of French craftsmanship combined with high-level industrial execution. Our furniture, your AUTOSTAR.

DESIGN, CREATION, EXCELLENCE

Ergonomics, design, materials, optimisation, durability... Designing a motorhome is already a great adventure. Each model is inspired from the best the AUTOSTAR world has to offer. Year after year, we perfect our vehicles by integrating new features so that your daily life on board is as streamlined as possible. We spend hours going over the slightest details so that everything in your AUTOSTAR feels incredibly natural. If you feel at home in your AUTOSTAR, that means we have reached our goal.

GENUINE GUARANTEES

Thanks to the quality of the materials used and the highly researched design for our panels, we extend your AUTOSTAR's watertightness warranty to 7 years. All of our vehicles are also covered for 2 years for parts and labour on the mechanics as well as the entire unit.

THE BEST EQUIPMENT

ABS, driver airbag, passenger airbag, cruise and speed control, cab air conditioning... the list of equipment on board an AUTOSTAR is long, making for exceptional living comfort and use. Your AUTOSTAR boasts an incredible level of equipment.

TECHNOLOGIES

Our most advanced innovations push the standards far ahead in terms of comfort, ergonomics and safety. All of these innovative systems make your AUTOSTAR state-of-the-art concentrate in optimisation, where everything can be moved about when and where needed.

A REAL CENTRAL HEATING

Since 1989, AUTOSTAR has distinguished itself by offering the best technology has to offer in terms of heating: ALDE. Our hot water circulation system provides exceptional comfort.

Gentle and enveloping heat.

HEALTHY AIR.

An ingenious system, built into the customised furniture, provides ventilation behind the furniture as well as in the front part of the cab seats or through the dashboard. The Ventil'Plus technology increases the feeling of comfort.

Optimised aeration, air that remains healthy, for better comfort every day.

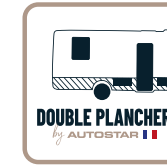

SAFETY IS KEPT IN MIND.

A forward-facing design and driver's area are optimised for better visibility and more safety on board your A-Class.

Safety at all times, on the road or when manoeuvring.

UNLIMITED STORAGE AREAS.

There's nothing like a motorhome with a double floor: unsuspected storage space, and pipes and tanks protected from the cold.

You can store things without having to count.

FROM -23° TO +25° IN JUST 3 HOURS.

The label certifies that your AUTOSTAR has successfully passed the tests conducted in a cold room by an approved body. This open sesame guarantees a minimum inside temperature of 20°C, even when the temperature outside is -15°C.

You'll be cosy even in the worst conditions.

EVEN MORE COMFORT.

So as to heat the driver's area, our models are fitted with diffusers that pass through the dashboard or at the feet of the cab seats.

Well-being every time you stop.

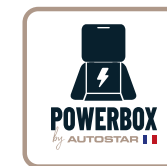

360° VIEW.

This camera system optimises your field of vision. This really helps when you are driving, but also when manoeuvring. When stopped, you'll also benefit from perimeter surveillance.

Keep an eye on everything without even moving your head.

CENTRAL ACCESS TO THE ELECTRICAL CIRCUIT.

A single access point to your electrical installation for increased ergonomics.

Don't go looking around, everything is in its place!

XXL SLEEPING.

Regardless of the model with a central bed, AUTOSTAR bedding rolls out a particularly comfortable sleeping area thanks to the generous bed size (150 cm wide and up to 198 cm long).

Sleeping conditions that deserve 5 stars.

ROBUSTNESS, COMFORT, DURABILITY.

A combination of noble materials for our structure will provide you with optimum protection throughout the unit.

A 7-year warranty for the unit.

HIGH-END COMFORT.

The 4 seats have a 3-point seat belt and adapt to your morphology thanks to an adjustable seat back.

Comfort and safety, whatever the length of your trip may be.

SINGLE ACCESS POINT TO THE WATER CIRCUITS.

Unrestricted filling and draining via the grouping together of the valves and effective protection against freezing.

Everything is just at the right height!

THE CONVIVIALITY OF A FACE-TO-FACE LOUNGE.

When stopped, thanks to a clever system, the seats for use on the road give way to a roomy and comfortable lounge. For increased proximity, the kitchen opens directly onto the living area.

An option that makes for conviviality.

EASY-TO-ACCESS GAS COMPARTMENT.

Easy and safe handling of gas cylinders saves you from unnecessary effort.

Less effort = more comfort.

SAFETY AND FACILITY.

The models come standard with the ISOFIX fasteners so baby seats can be anchored simply and carefree.

Maximum safety for your small passengers.

A BED THAT WILL MEET YOUR EXPECTATIONS.

To increase the space in the hold, the LIFT system allows you to modulate the height of the hold. Inside the motorhome, the bed base can be easily raised, providing access to the storage compartment.

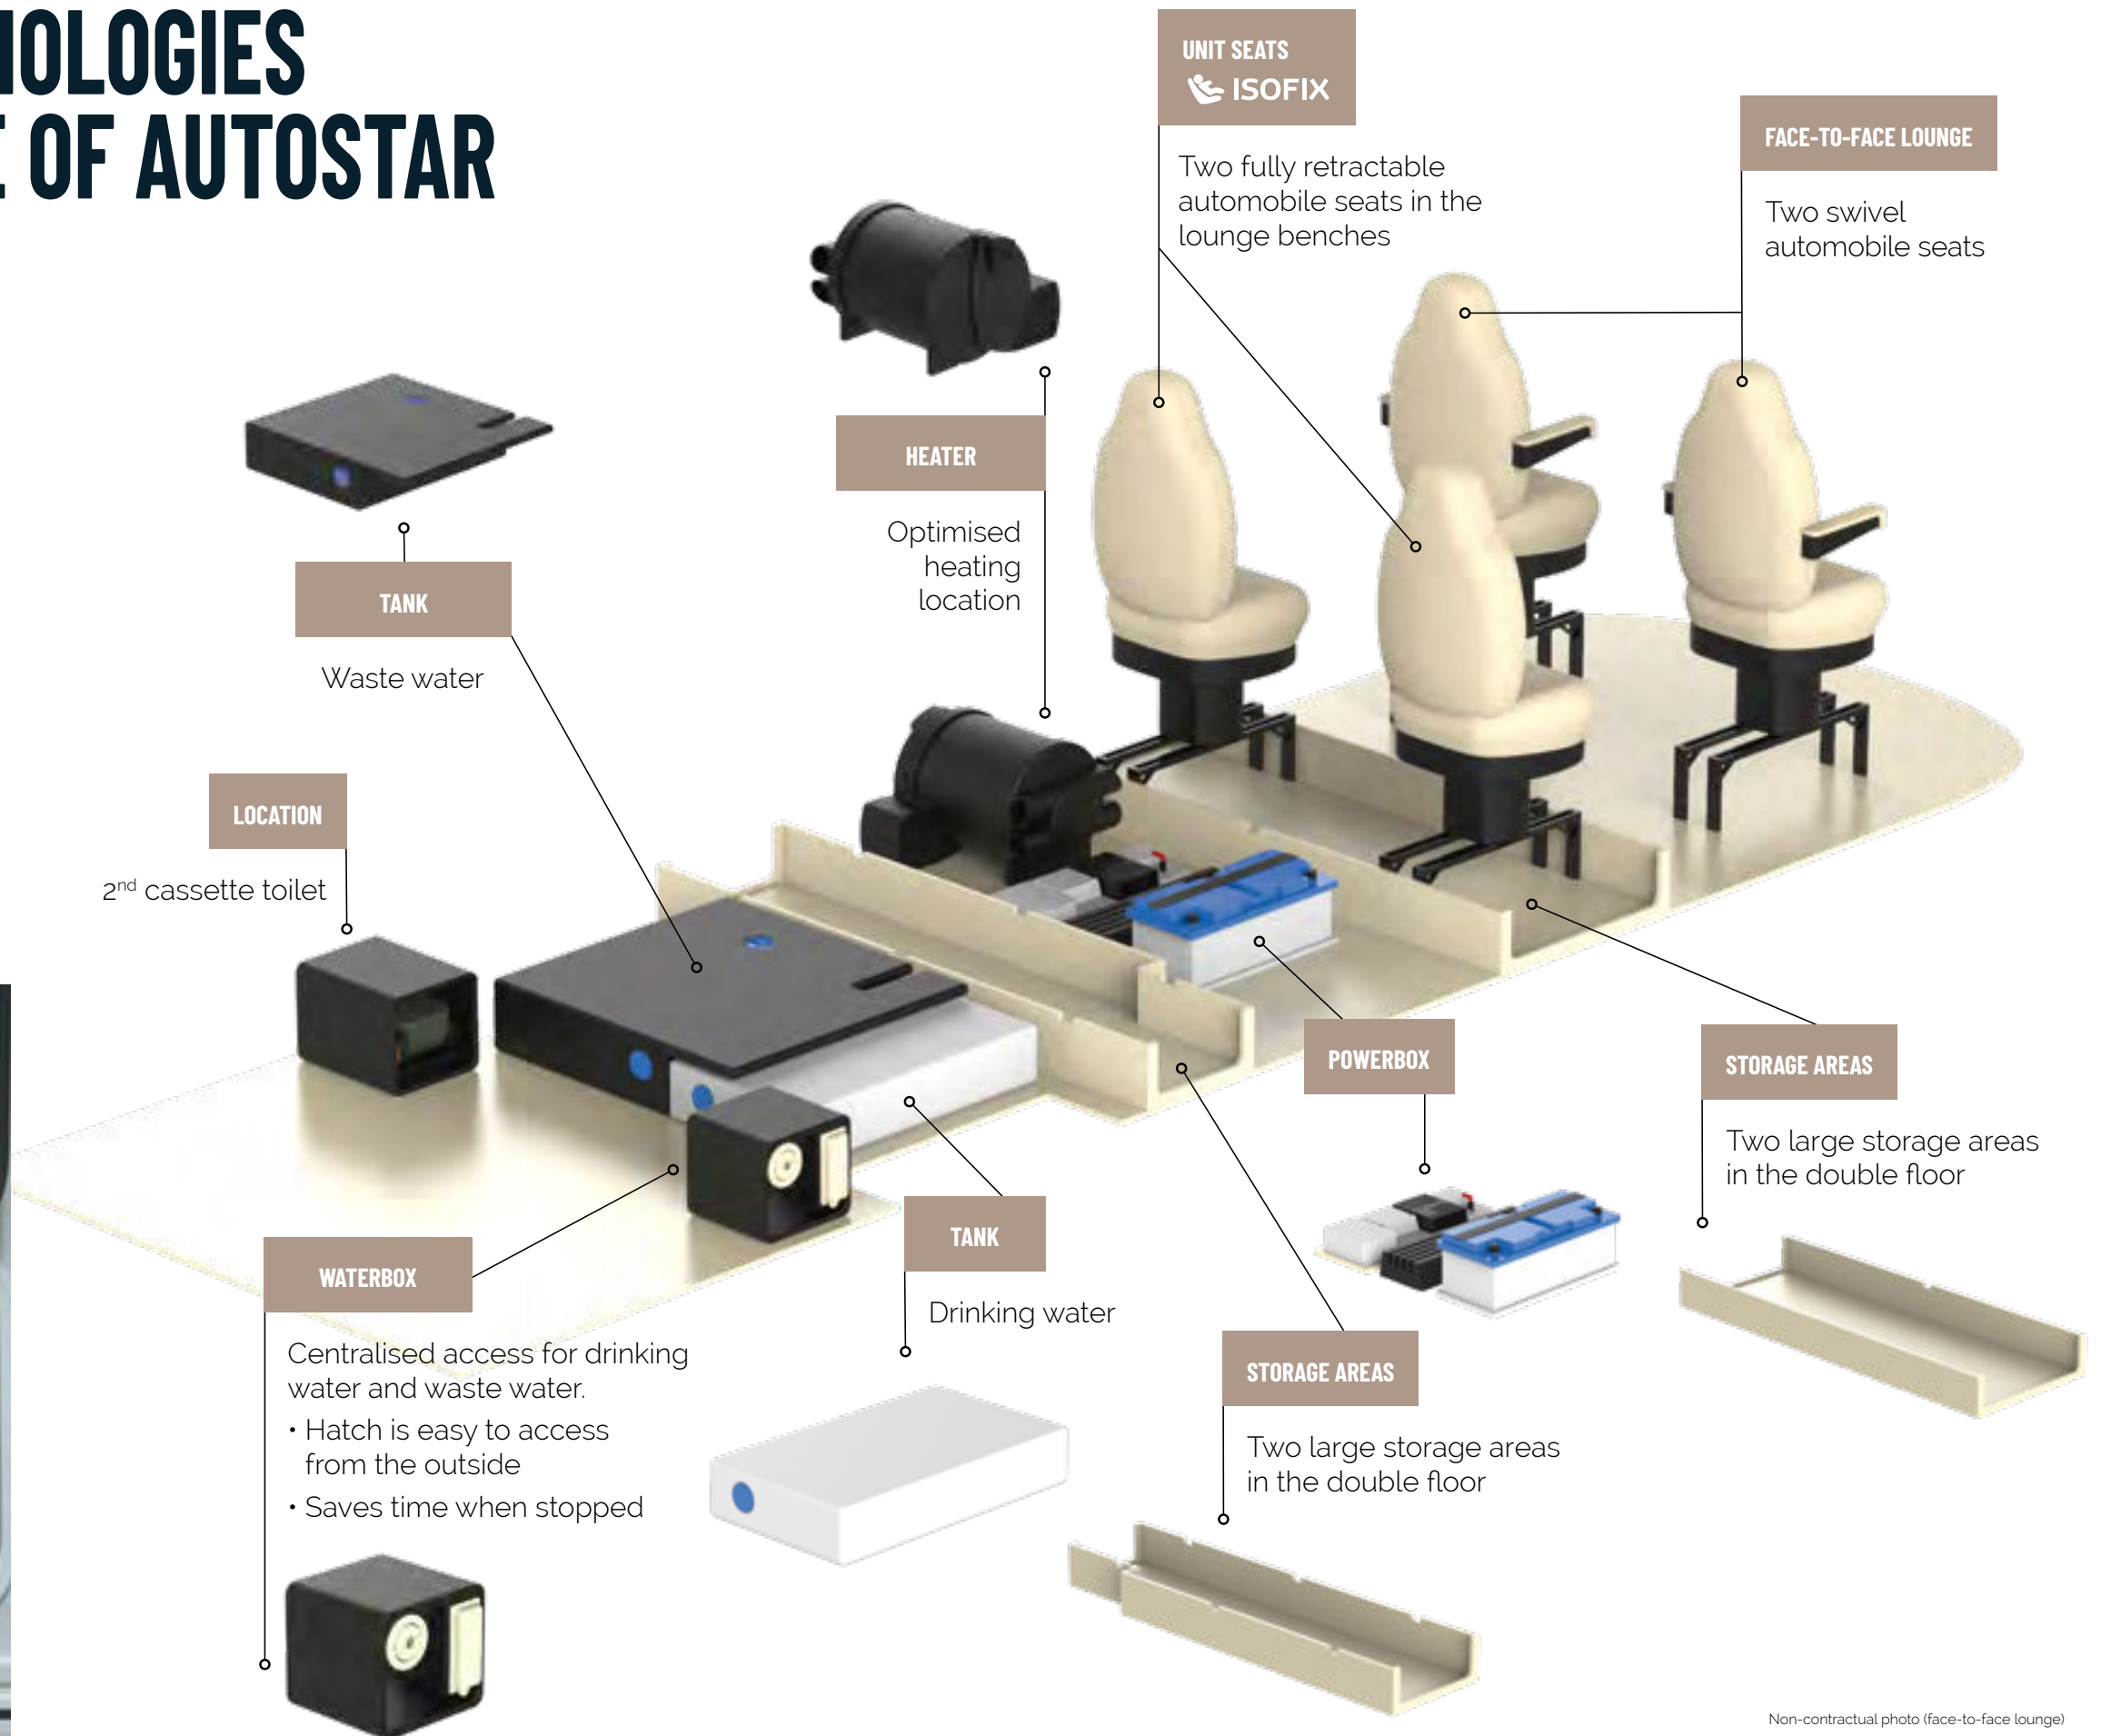

More room, on-demand.

PREMIUM TECHNOLOGIES AT THE SERVICE OF AUTOSTAR

AL-KO, A PARTNER FOR MORE THAN 30 YEARS

For many years now, Autostar has been offering the advantages of the AL-KO chassis; a galvanised lowered platform with wider rear track. Its lowered centre of gravity and independent suspensions are a token of stability, guaranteeing the best roadholding. The AL-KO chassis also makes it possible to optimise the technical elements on every vehicle (powerbox, waterbox) and thus takes advantage of a double floor, which provides more storage space, in particular for bulky objects over the entire width of the double floor. Another advantage: insulation. Indeed, this air gap trapped between the walls slows down thermal exchanges, keeping the unit warm for a longer period of time. That allows for savings!

Non-contractual photo (face-to-face lounge)

AGUTI, a leader in innovation in the seat industry, has always given special attention when designing its products. The graphic designers work hand in hand and in coordination with AUTOSTAR.

All AGUTI products are subjected to the highest standards in terms of quality and safety and compliance with the current ECE standards and specifications.

AUTOSTAR PARTNER SINCE 1989!

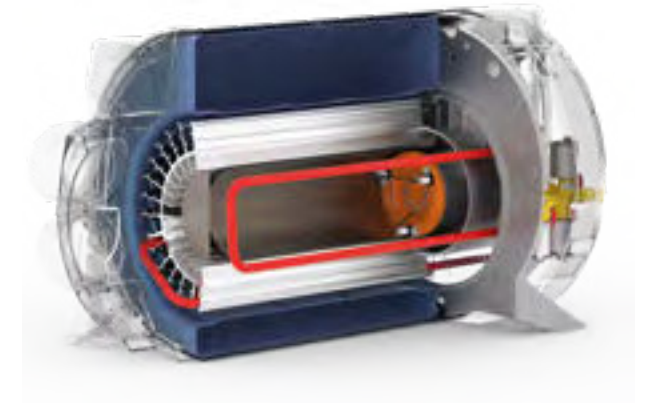

ALDE is one of the top companies worldwide in terms of heating systems for motorhomes.

In the harshness of the Swedish climate, for decades ALDE has developed heat-transfer fluid heating systems that, throughout the year, provide quality and reliable comfort in motorhomes.

In 1989, AUTOSTAR started to distinguish themselves by offering this advanced technology. Combined with premium construction for the unit, our motorhomes for a few years now have been benefiting from the **CLASSE III** label.

For many years now, AUTOSTAR is one of the rare brands to offer the best of TRUMA technology as standard or as an option according to the models. The TRUMA COMBI E combined heating offers pleasant heat in just a short time thanks to its hybrid heating mode; you can choose from the electric, gas, or mixed operating modes. This is economical (save on gas), ecological ("zero emissions" electric mode) and effective (25% faster).

OUR RANGES

PRIVILEGE

FEEL PRIVILEGED, BECAUSE YOU ARE.

Inside this genuine house on wheels, you will travel peacefully without changing your habits. Hit the road for the safest and most secure adventures.

- ⊕ Low-consumption LED lighting built into the exclusive AUTOSTAR furniture.
- ⊕ High level of standard equipment.
- ⊕ Many AUTOSTAR technologies.
- ⊕ PROTEC-STAR label construction.

PASSION

WHEN PASSION MEETS INNOVATION

The Passion range invites you to embark in a vehicle that offers a panel of innovations with a very high equipment level that will surely please any traveller. Passion A-Class vehicles also come with an advantage: the AL-KO chassis. Its easy driving allows you to adventure off for long hauls and easily go beyond borders. You'll also benefit from additional storage space thanks to the double floor...

... So hit the road for the safest and most secure adventures.

- ⊕ Standard AL-KO chassis
- ⊕ Double floor and storage
- ⊕ A PROTEC-STAR label construction
- ⊕ Reinforced sound insulation
- ⊕ Low-consumption LED lighting built into the furniture

PRESTIGE

COMFORT AND TECHNOLOGY, PLUS THE PRESTIGE.

The Prestige range offers you the flagship of Autostar know-how. These Class-A vehicles are a concentrate of AUTOSTAR's best technologies combined with stylish designer furniture.

- ⊕ Quality furniture, elegance plus robustness
- ⊕ The best standard equipment with the AL-KO chassis
- ⊕ A pass-through double storage floor
- ⊕ A PROTEC-STAR ALUFIBER label construction.

Attention frequent travellers, these motorhomes are most suitable for great adventures.
