AUTOSTAR

inspire Passion

PASSION MODE

activated

Want to take to the road in search of new horizons, and take the time for new encounters? Want to go to the country, sea or mountains, but above all you're looking for serenity, an escape and freedom.

More than ever, we need change. We need to be listened to, heard, be understood. We need comfort, reassurance, we need to feel secure.

More than ever, this year, we want to be able to choose. We choose to be demanding, attention to every detail. We choose French expertise and know-how.

More than ever, we want our passions to be our guide, because we've only got one life, we might as well live it intensely.

BRAND

MANUFACTURED IN FRANCE PERFECT FOR THE REST OF THE WORLD

Travelling the world on board an AUTOSTAR motorhome is travelling on board a vehicle made in France that contributes to enhancing the local economy. At Saint-Brieuc, in Brittany, our factory makes use of remarkable technical know-how provided by the talent of our designers, woodworkers, coachbuilders, sheet metal workers, electricians, heating specialists, technicians... Our production site makes use of a very dense network of approved and experienced suppliers and exceptional subcontractors with whom we have been working and with whom we have enjoyed complete trust since the beginning.

MORE THAN A CLUB. A FAMILY.

Because an AUTOSTAR represents much more than a conventional motorhome, the AUTOSTAR club has been federating all Autostarists who so desire since 1987. Organised outings, feedback, sharing, conviviality and the pleasure of being together form the foundations of the experience offered by the club. Because being an Autostarist is above all taking pleasure in sharing the desire to be together... with others. And because it's important for you to be able to take advantage of this family spirit, when you purchase a model in the collection, your first year of membership is free of charge. Call +33(0)2 96 79 60 35 for more information or go to autostar-club.fr. The AUTOSTAR club is affiliated with FFACCC (French federation of motorhome associations and clubs).

ALWAYS KEEPING AN EYE ON THE FUTURE

Designed to last, AUTOSTARs defy obsolescence and limit natural depreciation to a minimum. Your AUTOSTAR offers you the best guarantees in the event of resale, as it benefits from the PROTECTSTAR label which certifies the use of robust materials and an optimised design to withstand the test of time. A sort of life insurance for your AUTOSTAR.

24 / 7 ASSISTANCE

AUTOSTAR guarantees 24/7 technical and equipment assistance, free of charge the first year for all models newly registered. This assistance is provided by our experts with an approved network of partners to assist you when you need help, wherever you are. Sometimes, a simple phone call is all that's needed to get the solution you need.

EQUIPMENT PREMIUM

THE BEST BASE VEHICLES, THE BEST BASES

The base for everything, the foundations on which we design our models have to guarantee perfect reliability. We only work with the best base vehicles on the market. For many years now, our requirements have been met by the FIA Ducato chassis, which is designed exclusively for motorhomes. A mechanical marvel of which the recent developments provide incredible performance. Unequaled roadholding in the market, low CO₂ emissions to reduce the impact on the environment, optimised motorisation which will do exactly what you want it to. The reason we have chosen this base vehicle is that it will take you where you want to go, when you want: even far away.

EXCLUSIVE FURNITURE AND FINISHINGS

From the most robust materials to perfect finishing touches, the AUTOSTAR exclusive furniture is designed using the exceptional know-how of French craftsmanship combined with high-level industrial execution. Our furniture, your AUTOSTAR.

DESIGN, CREATION, EXCELLENCE

Ergonomics, design, materials, optimisation, durability... Designing a motorhome is already a great adventure. Each model is inspired from the best the AUTOSTAR world has to offer. Year after year, we perfect our vehicles by integrating new features so that your daily life on board is as streamlined as possible. We spend hours going over the slightest details so that everything in your AUTOSTAR feels incredibly natural. If you feel at home in your AUTOSTAR, that means we have reached our goal.

GENUINE GUARANTEES

Thanks to the quality of the materials used and the highly researched design for our panels, we extend your AUTOSTAR's watertightness warranty to 7 years. All of our vehicles are also covered for 2 years for parts and labour on the mechanics as well as the entire unit.

THE BEST EQUIPMENT

ABS, driver airbag, passenger airbag, cruise and speed control, cab air conditioning... the list of equipment on board an AUTOSTAR is long, making for exceptional living comfort and use. Your AUTOSTAR boasts an incredible level of equipment.

TECHNOLOGIES

Our most advanced innovations push the standards far ahead in terms of comfort, ergonomics and safety. All of these innovative systems make your AUTOSTAR state-of-the-art concentrate in optimisation, where everything can be moved about when and where needed.

A REAL CENTRAL HEATING

Since 1989, AUTOSTAR has distinguished itself by offering the best technology has to offer in terms of heating: ALDE. Our hot water circulation system provides exceptional comfort.

Gentle and enveloping heat.

HEALTHY AIR.

An ingenious system, built into the customised furniture, provides ventilation behind the furniture as well as in the front part of the cab seats or through the dashboard. The Ventil'Plus technology increases the feeling of comfort.

Optimised aeration, air that remains healthy, for better comfort every day.

THE CONVIVIALITY OF A FACE-TO-FACE LOUNGE.

When stopped, thanks to a clever system, the seats for use on the road give way to a roomy and comfortable lounge. For increased proximity, the kitchen opens directly onto the living area.

An option that makes for conviviality.

EVERYWHERE, EVEN WHERE YOU ARE NOT EXPECTED.

Easily negotiating, driving and parking is possible with the reduced width.

more compactness, more manoeuvrability.

EVEN MORE COMFORT.

So as to heat the driver's area, our models are fitted with diffusers that pass through the dashboard or at the feet of the cab seats.

Well-being every time you stop.

ROBUSTNESS, COMFORT, DURABILITY.

A combination of noble materials for our structure will provide you with optimum protection throughout the unit. The quality of our insulation guarantees incomparable sound and heating comfort.

A 7-year warranty for the unit.

XXL SLEEPING.

Regardless of the model with a central bed, AUTOSTAR bedding rolls out a particularly comfortable sleeping area thanks to the generous bed size (150 cm wide and up to 198 cm long).

Sleeping conditions that deserve 5 stars.

A BED THAT WILL MEET YOUR EXPECTATIONS.

To increase the space in the hold, the LIFT system allows you to modulate the height of the hold. Inside the motorhome, the bed base can be easily raised, providing access to the storage compartment.

More room, on-demand.

EASY-TO-ACCESS GAS COMPARTMENT.

Easy and safe handling of gas cylinders saves you from unnecessary effort.

Less effort = more comfort.

UNLIMITED STORAGE AREAS.

There's nothing like a motorhome with a double floor: unsuspected storage space, and pipes and tanks protected from the cold.

You can store things without having to count.

HIGH-END COMFORT.

The 4 seats have a 3-point seat belt and adapt to your morphology thanks to an adjustable seat back.

Comfort and safety, whatever the length of your trip may be.

SAFETY AND FACILITY.

The models come standard with the ISOFIX fasteners so baby seats can be anchored simply and carefree.

Maximum safety for your small passengers.

OUR RANGES

PERFORMANCE

THE LOW PROFILE THAT WANTED TO BE A VAN.

Compact Low Profiles that combine mobility, accessibility and comfort: that's where all the performance is!

Born out of listening to customers and their experience, this new motorhome range will win over new motorhome enthusiasts as well as those with more experience. A Performance Low Profile is above all a vehicle that is easier to handle, manoeuvre and park.

With a reduced width, their motorhome design and their Van characteristics make them the easiest motorhomes to handle in the range.

Fitted with quality furniture and high-end seating fabric, the performance low profile will become your best friend, agile on the road yet discreet when stopped.

PRIVILEGE

FOCUS ON COMFORT.

The level of manufacture and standard equipment gives the Privilege range excellent value for money.

The Privilege range comes in two furniture colours: Light Elm and Light Oak, bright and highly contemporary.

When you choose a low profile in the Privilege range, you'll benefit from the comfort of an AUTOSTAR.

PASSION

PASSION... TAKING SHAPE ON THE HORIZON.

The Passion range is a concentration of elegance and charm.

Its main advantages: a double floor, a built-in drop-down bed and an incomparable interior where harmony reigns with contrast and living comfort.

The quality is palpable with an all-curved design, furniture that is bright and contrasted as always, thick insulation foam on the ceiling, very thick memory foam mattress... And don't forget the exceptional level of standard equipment in this category.

Low Profile P600

TECHNICAL INFORMATION

FIAT Fiat Ducato Multijet 3
2.2 L / 140 Hp

4 seats 6 seats 4 beds

6.13 m length 2.16 m height

GVW 3500 kg
VCW 2815 kg
AGVW 5500 kg 2.79 m wheelbase

THE ADVANTAGES OF THIS MODEL

- ⌚ Compact, the shortest model in the range
- ⌚ Roomy face-to-face lounge
- ⌚ Electric drop-down bed
- ⌚ Separate shower and toilets
- ⌚ Numerous storage areas
- ⌚ Low-consumption LED lighting
- ⌚ High-end seating fabric
