AUTOSTAR

inspire Passion

AS LONG AS PASSION *has existed*

We've been supporting your passions for almost 40 years now.

First of all, the passion for travel; it brings us together, and pushes us to leave, explore, discover... it's what gets life moving and what makes everything possible.

The passion for comfort which shows through in our sumptuous interiors, made with noble materials where each space is well thought out right down to the smallest detail to adapt to you, perfectly... where every stitch, every curve, and every surface showcases our master craftsmanship.

The passion for freedom thanks to unique designs developed by our teams who keep pushing back the limits of innovation by integrating state-of-the-art technologies offering you autonomy, performance, flexibility and safety, each and every moment of your travels.

For nearly 40 years, we've been doing everything possible so that every moment spent on board is a celebration of travel. So that you can immerse yourself in your passion.

AUTOSTAR

inspire Passion

40 YEARS OF AUDACITY AND INNOVATION

OUR FIRST KILOMETRES, 40 YEARS AGO

The AUTOSTAR adventure pulled out onto the road in 1985, striving for precision and exigency. It all started with 23 pioneers, who decided to rekindle travelling French style, from a small Breton factory in Saint-Brandan. Forty years later, our history has become a great story, thanks to innovation, a sense of detail and constantly listening to the needs of our travellers.

40 YEARS OF PASSION, 40 YEARS OF ADVENTURE

For 40 years now, AUTOSTAR has been guiding all those travel bugs who have a passion for freedom and get-aways, and want to share it with their family or friends. As time passed, our vehicles have become much more than simple motorhomes: reference points, havens, icons for all those who like to get out on the road. Each model brings with it a sense of history, each innovation is the reflection of a certain *art de vivre*. It is the fruit of unique know-how, built on passion, between a long tradition of craftsmanship and industrial stringency. Today, AUTOSTAR is a reference brand in France, able to satisfy all your travel ideas. A brand that is both accessible and demanding. A brand that, for 40 years now, has remained faithful to what really counts: the desire for adventure.

GOING EVEN FARTHER TOMORROW

AUTOSTAR is not going to slow down. Quite the contrary, we're going to speed things up. Every day, we continue imagining vehicles that are even more ingenious, more durable, connected and suited to the new nomadic lifestyles. Our passion is intact and we are constantly scanning the market's expectations. We want to provide you with a means of transport that combines comfort, technology and elegance.

1985 In September 1985, 23 employees from STAR CARAVANES decided to create the AUTOSTAR brand and designed the very first models: the 1986 collection. They set up shop in the STAR CARAVANES structure assembly factory in St-Brandan. This factory was therefore already outfitted with several machines and was close to the railway line. That was an ideal location!

2025 Always striving for excellence for its customers, AUTOSTAR continued innovating with increasingly ingenious and comfortable models. We have launched two new models in our 2026 range: PASSION 1740 LC and PERFORMANCE P660.

1986 With its first Overcab, and then the very first Low profile, AUTOSTAR set the standard with its unique know-how. Comfort, technical performance and pioneering spirit were already expressed in these emblematic models designed at Saint-Brandan.

2002 Launching of the Athenor 446, precursor to a long series of flagship models such as the Auros 448, Auros 80 and Athenor 468 thanks to its swivel seats in the cab and the cosy lounge.

1989 AUTOSTAR asserts its high-end know-how. Assembly in series of the first ALDE heating units and launching of the 1st A-Class, 'Aryal'. This Aryal 1 will be the 1st of a large series, comprising 12 Aryal models. For many years, the Aryal range would be the flagship and the emblem of the AUTOSTAR brand.

1997 Launching of Aryal 10: emblematic model especially thanks to its front face, remodelled in 1995. The incomparable design of the front face gives Aryal its flattering nickname of the TGV train of motorhomes. A legend was started: Aryal 10 would become one of the most sold A-Class vehicles for many years.

1990 AUTOSTAR innovates with emblematic models such as the Mascot', the genuine precursor of vans. It was also in 1990 that the 478, 470, 395GTL and 525 GTX came out. Fitted with a rear U-shaped lounge, these models enjoyed great success and quickly became the best selling models of their generation.

2007 To be a generalist brand, AUTOSTAR began offering converted van bodies.

2010 Always on the cutting edge of innovation, AUTOSTAR created a motorhome for persons with reduced mobility: Mobil'Star, a revised version of the first model that came out in 1999. This highly-acclaimed model received the 'Autonomic Innov 2010' award.

2021 With the increasing demand for more compact vehicles, AUTOSTAR expanded its offering. The catalogue then incorporated Premium vans with a refined design, as well as a new generation of narrower Low Profiles, the PERFORMANCE range.

2017 Appearing of PASSION 1730 LCA: one of the leading models with its face-to-face lounge and its retractable seats for the road.

2014 A brand new line of high-end motorhomes with the PRESTIGE range, a subtle mix of refinement and elegance.

THE BRAND

MANUFACTURED IN FRANCE PERFECT FOR THE REST OF THE WORLD

Travel the world on board an AUTOSTAR motorhome is travelling on board a vehicle made in France that contributes to enhancing the local economy. At Saint-Brieuc, in Brittany, our factory makes use of remarkable technical know-how provided by the talent of our designers, woodworkers, coachbuilders, sheet metal workers, electricians, heating specialists, technicians... Our production site makes use of a very dense network of approved and experienced suppliers and exceptional subcontractors with whom we have been working and with whom we have enjoyed complete trust since the beginning.

MORE THAN A CLUB. A FAMILY.

Because an AUTOSTAR represents much more than a conventional motorhome, the AUTOSTAR club has been federating all Autostarists who so desire since 1987. Organised outings, feedback, sharing, conviviality and the pleasure of being together form the foundations of the experience offered by the club. Because being an Autostarist is above all taking pleasure in sharing the desire to be together... with others. And because it's important for you to be able to take advantage of this family spirit, when you purchase a model in the collection, your first year of membership is free of charge. Call +33(0)2 96 79 60 35 for more information or go to autostar-club.fr. The AUTOSTAR club is affiliated with FFACCC (French federation of motorhome associations and clubs).

ALWAYS KEEPING AN EYE ON THE FUTURE

Designed to last, AUTOSTARs defy obsolescence and limit natural depreciation to a minimum. Your AUTOSTAR offers you the best guarantees in the event of resale, as it benefits from the PROTECTSTAR label which certifies the use of robust materials and an optimised design to withstand the test of time. A sort of life insurance for your AUTOSTAR.

ASSISTANCE 24/7

AUTOSTAR guarantees 24/7 technical and equipment assistance, free of charge the first year for all newly-registered models. This assistance is provided by our experts with an approved network of partners to assist you when you need help, wherever you are. Sometimes, a simple phone call is all that's needed to get the solution you need.

PREMIUM EQUIPMENT

THE BEST BASE VEHICLES, THE BEST BASES

The base for everything, the foundations on which we design our models have to guarantee perfect reliability. We only work with the best base vehicles on the market. For many years now, our requirements have been met by the FIAT Ducato chassis, which is designed exclusively for motorhomes. A mechanical marvel of which the recent developments provide incredible performance. Unequalled roadholding in the market, low CO₂ emissions to reduce the impact on the environment, optimised motorisation which will do exactly what you want it to. The reason we have chosen this base vehicle is that it will take you where you want to go, when you want; even far away.

EXCLUSIVE FURNITURE AND FINISHINGS

From the most robust materials to perfect finishing touches, the AUTOSTAR exclusive furniture is designed using the exceptional know-how of French craftsmanship combined with high-level industrial execution. Our furniture, your AUTOSTAR.

DESIGN, CREATION EXCELLENCE

Ergonomics, design, materials, optimisation, durability... Designing a motorhome is already a great adventure. Each model is inspired from the best the AUTOSTAR world has to offer. Year after year, we perfect our vehicles by integrating new features so that your daily life on board is as streamlined as possible. We spend hours going over the slightest details so that everything in your AUTOSTAR feels incredibly natural. If you feel at home in your AUTOSTAR, that means we have reached our goal.

GENUINE GUARANTEES

Thanks to the quality of the materials used and the highly researched design for our panels, we extend your AUTOSTAR's watertightness warranty to 7 years. All of our vehicles are also covered for 2 years for parts and labour on the mechanics as well as the entire unit.

THE BEST EQUIPMENT

ABS, driver airbag, passenger airbag, cruise and speed control, cab air conditioning... the list of equipment on board an AUTOSTAR is long, making for exceptional living comfort and use. Your AUTOSTAR boasts an incredible level of equipment.

OUR RANGES

Vans

DESIGN EDITION

EVEN MORE LUMINOSITY

Its modern and functional design offers a unique living experience equivalent to our high-end A-Class vehicles. Thanks to our design office's ingenuity, the space in your van is optimised and benefits from the Premium level of construction and equipment. To be close to nature, the vans are fitted with a skyview that opens, providing you with more light and at the same time optimising air circulation. Take advantage of additional bedding thanks to the pop-up. A new bedroom in an instant.

Low Profiles

PERFORMANCE

THE LOW PROFILE THAT WANTED TO BE A VAN.

Compact Low Profiles that combine mobility, accessibility and comfort: that's where all the performance is!

Born out of listening to customers and their experience, this new motorhome range will win over new motorhome enthusiasts as well as those with more experience. A Performance Low Profile is above all a vehicle that is easier to handle, manoeuvre and park.

With a reduced width, their motorhome design and their Van characteristics make them the easiest motorhomes to handle in the range.

Fitted with quality furniture and high-end seating fabric, the performance Low profile will become your best friend, agile on the road yet discreet when stopped.

PRIVILEGE

FOCUS ON COMFORT.

The level of manufacture and standard equipment gives the Privilege range excellent value for money.

When you choose a low profile in the Privilege range, you'll benefit from the comfort of an AUTOSTAR, in a bright and contemporary setting.

A-Class Vehicles

PREMICE

FEEL PRIVILEGED, BECAUSE YOU ARE.

Inside this genuine house on wheels, you will travel peacefully without changing your habits. Hit the road for the safest and most secure adventures.

- ⌚ Low-consumption LED lighting built into the exclusive AUTOSTAR furniture,
- ⌚ High level of standard equipment,
- ⌚ Many AUTOSTAR technologies,
- ⌚ PROTEC-STAR label construction.

PASSION

WHEN PASSION MEETS INNOVATION.

The Passion range invites you to embark in a vehicle that offers a panel of innovations with a very high equipment level that will surely please any. Passion A-Class vehicles also come with an advantage: the AL-KO chassis. Its easy driving allows you to adventure off for long hauls and easily go beyond borders. You'll also benefit from additional storage spaces thanks to the double floor.

So hit the road for the safest and most secure adventures.

- ⌚ Standard AL-KO chassis
- ⌚ Double floor and storage
- ⌚ A PROTEC-STAR label construction
- ⌚ Reinforced sound insulation
- ⌚ Low-consumption LED lighting built into the furniture

PRESTIGE

COMFORT AND TECHNOLOGY, PLUS THE PRESTIGE.

The Prestige range offers you the flagship of AUTOSTAR know-how. These Class-A vehicles are a concentrate of AUTOSTAR's best technologies combined with stylish designer furniture.

- ⌚ Quality furniture, elegance plus robustness
- ⌚ The best standard equipment with the AL-KO chassis
- ⌚ A pass-through double storage floor

Attention frequent travellers, these motorhomes are most suitable for great adventures.

PREMIUM TECHNOLOGIES AT THE SERVICE OF AUTOSTAR

AL-KO, A PARTNER FOR MORE THAN 30 YEARS

For many years now, AUTOSTAR has been offering the advantages of the AL-KO chassis: a galvanised lowered platform with wider rear track. Its lowered centre of gravity and independent suspensions are a token of stability, guaranteeing the best roadholding. The AL-KO chassis also makes it possible to optimise the technical elements on every vehicle (powerbox, waterbox) and thus takes advantage of a double floor, which provides more storage space, in particular for bulky objects over the entire width of the double floor.

AGUTI, a leader in innovation in the seat industry, has always given special attention when designing its products. The graphic designers work hand in hand and in coordination with AUTOSTAR.

All AGUTI products are subjected to the highest standards in terms of quality and safety and compliance with the current ECE standards and specifications.

Non-contractual photo (face-to-face lounge)

AUTOSTAR PARTNER SINCE 1989!

ALDE is one of the top companies worldwide in terms of heating systems for motorhomes.

In the harshness of the Swedish climate, for decades ALDE has developed heat-transfer fluid heating systems that, throughout the year, provide quality and reliable comfort in motorhomes.

In 1989, AUTOSTAR started to distinguish themselves by offering this advanced technology. Combined with premium construction for the unit, our motorhomes for a few years now have been benefiting from the CLASS III label.

For many years now, AUTOSTAR is one of the rare brands to offer the best of TRUMA technology as standard or as an option according to the models.

The TRUMA COMBI E combined heating offers pleasant heat in just a short time thanks to its hybrid heating mode; you can choose from the electric, gas, or mixed operating modes. This is economical (save on gas), ecological ("zero emissions" electric mode) and effective (25% faster).

TECHNOLOGIES

Our most advanced innovations push the standards far ahead in terms of comfort, ergonomics and safety. All of these innovative systems make your AUTOSTAR state-of-the-art concentrate in optimisation, where everything can be moved about when and where needed.

A REAL CENTRAL HEATING.

Since 1989, AUTOSTAR has distinguished itself by offering the best technology has to offer in terms of heating: ALDE. Our hot water circulation system provides exceptional comfort.

Gentle and enveloping heat.

HEALTHY AIR.

An ingenious system, built into the customised furniture, provides ventilation behind the furniture as well as in the front part of the cab seats or through the dashboard. The Ventil'Plus technology increases the feeling of comfort.

Optimised aeration, air that remains healthy, for better comfort every day.

FROM -23° TO +25° IN JUST 3 HOURS.

The label certifies that your AUTOSTAR has successfully passed the tests conducted in a cold room by an approved body. This open sesame guarantees a minimum inside temperature of 20 °C, even when the temperature outside is -15 °C.

You'll be cosy even in the worst conditions.

EVEN MORE COMFORT.

So as to heat the driver's area, our models are fitted with diffusers that pass through the dashboard or at the feet of the cab seats.

Well-being every time you stop.

XXL SLEEPING.

Regardless of the model with a central bed, AUTOSTAR bedding rolls out a particularly comfortable sleeping area thanks to the generous bed size (150 cm wide and up to 198 cm long).

Sleeping conditions that deserve 5 stars.

ROBUSTNESS, COMFORT, DURABILITY.

A combination of noble materials for our structure will provide you with optimum protection throughout the unit. The quality of our insulation guarantees incomparable sound and heating comfort.

A 7-year warranty for the unit.

THE CONVIVIALITY OF A FACE-TO-FACE LOUNGE.

When stopped, thanks to a clever system, the seats for use on the road give way to a roomy and comfortable lounge. For increased proximity, the kitchen opens directly onto the living area.

An option that makes for conviviality.

EASY-TO-ACCESS GAS COMPARTMENT.

Easy and safe handling of gas cylinders saves you from unnecessary effort.

Less effort = more comfort.

SAFETY IS KEPT IN MIND.

A forward-facing design and driver's area are optimised for better visibility and more safety on board your A-Class.

Safety at all times, on the road or when manoeuvring.

UNLIMITED STORAGE AREAS.

There's nothing like a motorhome with a double floor: unsuspected storage space, and pipes and tanks protected from the cold.

You can store things without having to count.

360° VIEW.

This camera system optimises your field of vision. This really helps when you are driving, but also when manoeuvring. When stopped, you'll also benefit from perimeter surveillance.

Keep an eye on everything without even moving your head.

CENTRAL ACCESS TO THE ELECTRICAL CIRCUIT.

A single access point to your electrical installation for increased ergonomics.

Don't go looking around, everything is in its place!

HIGH-END COMFORT.

The 4 seats have a 3-point seat belt and adapt to your morphology thanks to an adjustable seat back.

Comfort and safety, whatever the length of your trip may be.

SINGLE ACCESS POINT TO THE WATER CIRCUITS.

Unrestricted filling and draining via the grouping together of the valves and effective protection against freezing.

Everything is just at the right height!

SAFETY AND FACILITY.

The models come standard with the ISOFIX fasteners so baby seats can be anchored simply and carefree.

Maximum safety for your small passengers.

EVERYWHERE, EVEN WHERE YOU ARE NOT EXPECTED.

Easily negotiating, driving and parking is possible with the reduced width.

More compactness, more manoeuvrability.
